Commissioners' Report

In accordance with the Public Statutes of the State of New Hampshire the Commissioners of Carroll County submit their annual report together with the report of the Superintendent of the County Farm and of the various other County Officers.

Once again it becomes necessary for the Carroll County Commissioners to submit their annual report for the year 1938 and it is a pleasure in many ways since Carroll County was fortunate enough during the past year to live within its budget. No major changes were undertaken but many repairs were absolutely necessary and these were made and paid for, from the regular funds allotted us.

The Court House received a coat of paint in June which was very necessary and we hope to do some inside decorating the coming year. New shades are needed and either storm windows or weather stripping on the north side of the building were recommended by Judge Lorimer.

At the Farm, the garage was over-hauled, wider doors installed and a chimney built. Practically all the roofs on the place were painted. The building where the old men are quartered was newly silled and a shower bath installed. Without a doubt, if the underpinnings had not been replaced this building would have gone down in the hurricane. The hot-house was restored, as well as the henhouse, and 200 hens have furnished an abundance of eggs since October first. Two new chimneys were built in the Alms House from a special appropriation voted for the purpose. This work necessitated the breaking into some of the rooms of course, so there were re-decorated along with the chimney work.

Last year's Delegation voted \$500 for a new pair of horses and they were bought in the Spring. Also \$1235

was voted to replace money received for cattle sold last year, said money having been turned in as 'cash on hand' at the end of the year 1937. This \$1235 was spent during 1938 mostly for registered, T. B. and Bangs tested stock, but many of the Guernsey cows reacted after a time to the Bangs test and had to be disposed of. As far as dollars are concerned, no money was lost—perhaps a little was made but not much head-way has been made yet toward the good herd that was anticipated and which one naturally expects to find at an institution.

The 1938 appropriations for Poor Off the Farm and County Farm, when added together totals approximately \$70,000 and this amount was ample taking the above departments together.

The 1938 Farm appropriation was \$30,000, the same amount that had been raised for many years and during that time the population there has greatly increased. At the present writing the number at the Home is 99 and much of the time it is well over 100. The County Commissioners, however, were able to keep well under the amount raised for dependents NOT at the Farm the past year so that the amount saved, more than balanced the amount over-spent for those in the Alms House. An extra \$5,000 is estimated for the coming year and this amount is absolutely necessary if the present standard endorsed by the State is to be maintained. The Commissioners feel that a wholesome diet is due the people at the Farm; therefore meat is served once every day, butter at every meal, also milk and eggs whenever needed. The Carroll County Home has had a reputation of being scrupulously clean and the laundry is no small item there. It will be noted that all laundry work is done on the place.

Not much need be said of the hurricane since that calamity was state wide. Probably one hundred thousand feet of timber was blown down and has furnished work for the House of Correction men as well as several

Direct Relief men whose families were being cared for by the County. This lumber is on skids and will probably be sold to the Government and trucked to Archer's Pond.

The Commissioners want to thank the public in general for their confidence. It is no easy task to administer relief under existing conditions. Jobs have been few, people are educated to having help and with the long, hard winter just past, it has been a problem as to how much to do. Many times a man would have been refused relief or brought to the Farm to work but for his little children, his old mother or his sick wife. These people should not want. The Commissioners have used their best judgment and are grateful to the general public for their cooperation.

AUDITORS' CERTIFICATE

CARROLL, SS.

To the Superior Court:

The undersigned, Auditors for said County of Carroll respectfully represent and report that we have examined the accounts of the County Commissioners, County Treasurer and Superintendent of County Farm, from January 1, 1938 to December 31, 1938 and find them supported by proper vouchers.

We believe that articles purchased for the County have been bought at their market value and used for the benefit of the County.

We have audited the bills of the County Commissioners for services and expenses during said term, amounting to \$3,634.45.

H. C. LOVEJOY
ANSEL N. SANBORN
County Auditors.

Report of County Physician

Carroll County Commissioners :

The health conditions at the County Hospital for the year 1938 were about normal.

There were no epidemics during the year. There were the usual number of current diseases peculiar to the group of aged patients found in a county hospital.

The number of hospital days was greatly increased due to the admission of several patients with chronic debilitating diseases requiring constant bed care.

The nursing care has been of the best and the co-operation of the Superintendent and Matron, of the highest.

I strongly recommend for the comfort and ease of these chronics in the hospital that several new beds of gatch type be purchased during the coming year.

Respectfully submitted,

FRANCIS J. C. DUBE, M.D.
